(2) The Commission may make such orders as may be necessary to prevent the continuation or reoccurrence of the contravention of the Law or such other Regulatory instrument.

11. Manifest and Flagrant Breaches

(1) Notwithstanding anything to the contrary in these Regulations, where the Commission considers that a state of affairs for which a licensee is responsible manifestly constitutes a breach by the very existence of that state of affairs, the Commission shall, without recourse to regulations 6 and 7(1), (2), (3) and (4) of these Regulations, issue a notice to the licensee to show cause in writing, within a period of not less than three working days, why any administrative sanction should not be imposed for such breach.

- (2) Where a licensee fails to respond to the notice issued pursuant to paragraph (1) of this regulation, or where the response of a licensee is unsatisfactory, the Commission may proceed to impose administrative sanctions as it deems fit in the circumstance.

12. **Interim Orders**

13. **Directions for Compliance**

(1) The Commission may, where it deems fit, issue directions requiring a licensee or any person to take specified actions for the purpose of ensuring that such licensee or person complies with, or does not contravene, or continue to contravene the provisions of the Law or any Regulatory instrument.

(3) No licensee shall be liable to any other licensee in relation to the taking of any action, or any omission, that is reasonably necessary for compliance with a decision or order made by the Commission under these Regulations.

(4) The Commission may in exercise of its enforcement powers, institute civil proceedings in Court against any person for the purpose of enforcing compliance with its decision, orders and direction, including recovery of

administrative fines.

- (5) Any unpaid sum, due to be paid by a licensee, under these Regulations shall constitute a debt due to the Commission and shall bear interest at the prevailing prime lending rate until it is fully discharged.
- (6) Notwithstanding the foregoing provisions, and subject to the provisions of the Law, every licensee that fails to comply with a decision, order or direction of any nature, given by the Commission, commits an offence punishable under section 105 of the Law.

15. **Review of the Commission's Decisions**

- (1) The Commission may review its decisions made under this regulation, subject to section 18 (1) of the Law, and in accordance with clause 21 of the Business Rules of the Commission.

PART III
ADMINISTRATIVE SANCTIONS

16. Administrative Fines

- (1) Without prejudice to any provision of the Law, or other Regulatory instruments, the Commission may impose administrative fines for any breach, including but not limited to instances where specific enforcement sanctions have not been provided for in the Law or any other regulatory instruments.
- (2) Without prejudice to the generality of the provisions of paragraph (1) of this regulation, the Commission may impose administrative fines not exceeding N10,000.00 (Ten Thousand Naira) per minute, for each breach.
- (3) In imposing administrative fines, the Commission may be generally guided by the following factors:
 - (a) the severity of the breach and the need to impose such fine or the amount thereof so as to act as deterrent both to the licensee who committed such breach and other licensees;
 - (b) non-discrimination and transparency in the imposition of sanctions generally, including but not limited to sanctions on different licensees for similar breaches committed in identical circumstances;
 - (c) admission of the breach by the licensee being investigated;
 - (d) the prevalence of the breach in the Kogi State Electricity Supply Industry generally and the likelihood of repetition by the licensee who committed the breach or other licensee;
 - (e) the duration of the breach;
 - (f) the circumstances of the breach and in particular, but not limited to, a consideration of whether or not the breach was deliberately, recklessly or negligently committed by the licensee;
 - (g) the record of previous or similar breaches by the licensee;
 - (h) the danger to life and property consequent upon the breach;

- 
- (i) the effect of the breach on relevant service provision generally;
 - (j) any gain (financial or otherwise) made by the licensee who committed the breach directly or indirectly arising from such breach;
 - (k) the degree of harm, injury, discomfort or the incremental cost caused or occasioned by such breach to consumers or other stakeholders in the Kogi State Electricity Supply Industry;
 - (l) the extent to which any breach by the licensee was caused by a third party or any circumstances beyond its control;
 - (m) the absence, ineffectiveness or repeated failure of internal mechanisms or procedures required to prevent the breach by the licensee;
 - (n) the possible mitigating circumstances including but not limited to—
 - (i) whether or not the breach was of a minor nature and the consequences and effect thereof were equally minor in nature;
 - (ii) whether or not the licensee who committed the breach took immediate steps to remedy the breach soon after having knowledge of the breach;
 - (o) such other factors as the Commission may, from time to time, determine.
- (2) Any administrative fine imposed by the Commission pursuant to the Law or any other Regulatory instrument shall become due and payable by the licensee within 14 days from the date of the decision, or 14 days from the date of service of the notice of decision, where the licensee was not present at the time of the decision.
- (3) The payment of an administrative fine by a licensee who committed the breach shall not be construed as a limitation or foreclosure of the power of the Commission to impose any other enforcement sanction under the Law or any other Regulatory instrument.
- (4) In imposing administrative fines, the Commission may, at its discretion, limit the fine to only a specific number of breaches and not the entire number of breaches for which the licensee is liable.
- (5) It shall be an offence where a fine imposed remains unpaid after the

duration contained in paragraph (4) of this regulation, and every officer responsible for the initial breach which led to the imposition of the fine, and all officers who have responsibility for exercising authority to pay the fine shall be liable to a term of imprisonment for 3 (Three) months upon conviction.

17. Suspension of Licenses

- (1) Without prejudice to any provision of the Law or any other Regulatory instrument, the Commission may suspend any license if, in its opinion:
 - (a) the license was issued as a result of fraud, or the misrepresentation or non-disclosure of a material fact by the licensee; or
 - (b) the licensee has been found pursuant to these Regulations to have breached any provision of the Law or any other Regulatory instruments applicable to the licensee; or
 - (c) the licensee has been found pursuant to these Regulations to have breached any term or condition of its license, the breach of which is expressly declared by the license terms and conditions to render it liable to suspension or cancellation; or
 - (d) the financial position of the licensee is such that he is unable to fully and efficiently discharge the duties and obligations imposed by the license.
- (2) Prior to the suspension of a license under paragraph (1) of this regulation, the Commission shall notify the licensee in writing of its intention to suspend the license concerned, and the reasons for doing so, and shall allow the licensee an opportunity to demonstrate, within 30 days or such longer period as the Commission may allow following the delivery of such a notification, that circumstances have changed, such that suspension may no longer be warranted.
- (3) If, at the expiration of the period mentioned under paragraph (2) of this regulation, the Commission is satisfied for any reason specified in paragraph (1) of this regulation that it is in the public interest that the license concerned should be suspended, the Commission may, by notice in writing to the licensee suspend the license.
- (4) Where the suspension of a license has taken effect, the Commission shall within 30 days cause the suspension to be published in at least two national daily newspapers, one within Kogi State and the other in national

daily newspaper, and on the Commission's website.

- (5) Provided that any delay or failure to publish the notice of suspension shall not in any manner affect the validity of the suspension.
 - (6) In addition to the suspension of the license, the Commission may impose any administrative fine or other applicable enforcement provisions contained in the Law or any other Regulatory instrument.
 - (7) The Commission shall determine the duration of the suspension and any additional administrative sanctions that the Commission may impose.
 - (8) In determining the duration of the suspension and any additional administrative sanctions to be imposed, the Commission shall take into consideration amongst other factors the gravity of the breach that necessitated the suspension, the impact of the suspension on consumers and any other mitigating circumstances or conduct thereof.
 - (9) Where the suspension of a license has taken effect, the Commission may make orders or arrangements in regard to the undertaking of the licensee as are in the opinion of the Commission necessary for maintaining continuity in the provision of electricity service.
18. Changes in Boards and Management of Licensees
- (1) Without prejudice to the provisions of the Law, the Commission may by a written notice require that the licensee makes such changes in its Board of Directors or Management as the Commission may consider necessary, including removal of members of the Board of Directors or management staff of the licensee, and within such time as the Commission may specify.
 - (2) Within 10 working days of the notification by the Commission to the licensee to make changes in its Board of Directors or Management, the licensee shall notify the Commission in writing of its compliance with the direction of the Commission in the manner prescribed by the Commission.
 - (3) Failure of any licensee to comply with the direction of the Commission pursuant to paragraph (1) of this regulation shall constitute a breach for which administrative sanctions may be imposed without recourse to regulations 6 and 7(1), (2), (3) and (4) of these Regulations.
 - (4) Notwithstanding the provisions of paragraph (1) of this regulation, the Commission shall require the removal of any member of the Board of Directors or management staff of the licensee who does not or ceases to

meet the minimum qualifications for such positions prescribed in the Commission's Guidelines and Assessment Criteria for Fit and Proper Persons for Corporate and Individual Participation in Regulated Electricity Undertakings.

- (1) The Commission may revoke any license on the grounds and in the manner specified in Section 35 of the Law.

- (3) Where the revocation of a license has taken effect, the Commission shall within 30 days of the revocation, cause the revocation to be published in at least two national daily newspapers, one within Kogi State and the other in national daily newspapers, and on the Commission's website.

Provided that any delay or failure to publish the notice of revocation shall not in any manner affect the validity of the revocation.

- (4) Nothing in paragraph (1) of this regulation shall, where the Commission determines that a license shall be revoked, preclude the Commission from imposing, in addition to a revocation of the license, any administrative fine or other applicable enforcement provisions contained in the Law or any other Regulatory instrument.
- (5) Any license fees which have been paid in respect of a license revoked pursuant to the Law or these Regulations shall not be refunded whether in part or in whole consequent upon revocation.
- (6) The original copy of any license that is revoked pursuant to the Law or these Regulations shall be returned to the Commission by the licensee within 14 days of the effective date of the revocation.
